**Date:** 26-03-2024

**Subject:** Regarding the query raised by BIS in test report Numbers HPLI/Test/2312074301 and HPLI/Test/2312074401

Dear Sir,

This has with reference to your email dated 22-03-2024, regarding query raised by BIS in our issued test report Numbers HPLI/Test/2312074301 and HPLI/Test/2312074401 Dated 05-03-2024

Our explanation is as below.

**Query 1:** Your submitted test reports are not legible.

**Explanation:** We would like to clarify that due to restriction of file size (i.e. up to 5MB can be uploaded) in LIMS portal we have uploaded the compressed test report file. Due to compression of file may legibility of test report content including marking label get degrade. However, we are attaching herewith the original copy (uncompressed file) of the tests report for your reference and the wattage of the same will be legible in the original test report.

Hope above explanation is in line with the query and satisfy the requirements.

Thanks, and Regards

Mr. Abhishek Singh
